

Housing & Conference Centre Services

March 23, 2010

To Whom It May Concern:

Trinity Western University recently purchased foam mattresses from A-Z Foam. Our students are thrilled with the new mattresses and I have received several positive comments regarding them.

Key benefits to both our students and housing personnel include: a comfortable mattress that provides a good night's rest...anti-bacterial mattress covers that are impervious to fluids...and exposed, anti-bedbug zippers.

The customer service we received from both the sales and delivery personnel from A-Z Foam were exceptional, and I look forward to a continued business relationship with them in the future.

Sincerely,
